

WHAT PEOPLE ARE SAYING...

“
...it is by far the most user
friendly epoxy floor coating we
have ever used...”

– Ron Rayfield, Supervisor,
Sigma-Aldrich

“
...it is truly an installer friendly
product. It is selfpriming, has a
low odor, has a good working
time, and has an excellent price
per square ft.

The fact that it blends well with
other batches is a bonus...”

– Russ Law, Owner & Installer,
Law's Custom Flooring

Induron Protective Coatings

PERMA-TUFF SL

Self Leveling Epoxy for Concrete Floors

INDURON PROTECTIVE COATINGS PERMA-TUFF SL

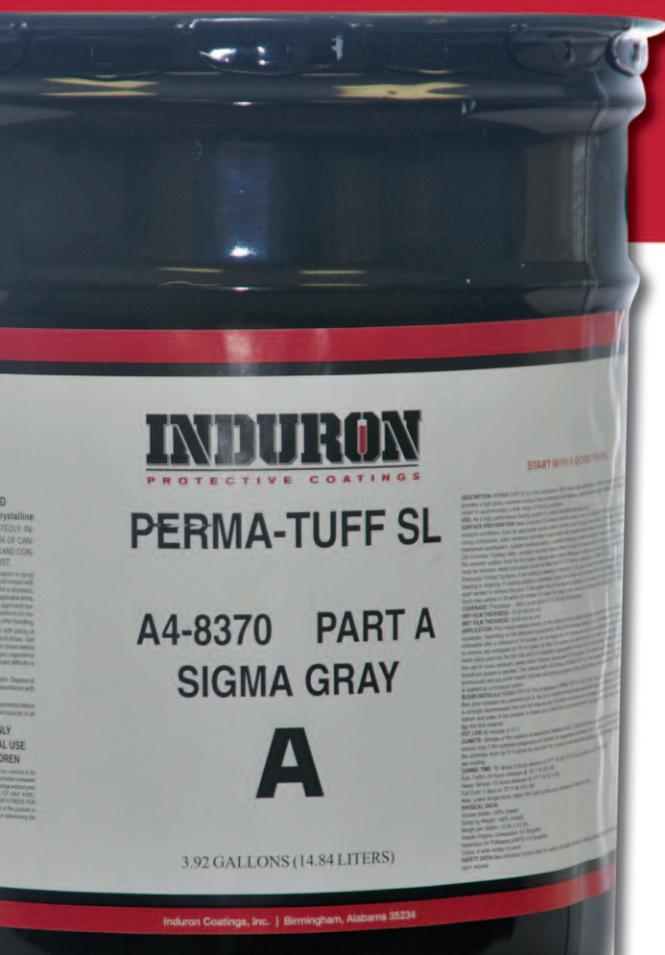

PERMA-TUFF SL is a two component, 100% solids, high performance, self-leveling epoxy coating for properly prepared concrete floors in industrial, commercial, processing and manufacturing plants. This system provides a high gloss, seamless surface that is extremely hard wearing, durable and chemically resistant. Its film thickness can be varied to accommodate a wide range of flooring conditions.

Look Beneath The Surface.

“What’s right for the job?” It’s the first question we ask ourselves with every project we undertake.

At Induron, we invest ourselves in your success, your satisfaction, and your reputation.

So what can we do to help you succeed? For floor coating, you can count on us for trouble-shooting support – while and after the work is done. If you have concerns about the application, we’ll consult with your contractors. Nobody works harder than Induron to make things right for you.
